Accessibility Report - TinyFlix

Tested Using:

- Firefox Accessibility Tools
- Lighthouse (Google Chrome - fallback not used)

Result:

- No accessibility issues found
- Passed checks: alt text, semantic HTML, labels, contrast

WCAG Compliance:

- Appears to meet basic WCAG 2.1 Level A/AA guidelines
- Manual test shows text is readable, forms are labeled

Recommendations:

- Consider adding ARIA labels for dynamic controls
- Improve keyboard navigation for video features (post video fix)
